Education

Juris Doctor, Cum Laude

September 2011 - May 2014

The University of Wisconsin - Madison

Master of Science in Engineering in Computer Science

September 2005 - May 2009

The Johns Hopkins University

Bachelor of Science in Computer Science

September 2004 - May 2008

The Johns Hopkins University

Experience

Senior Security Advisor

2014 -

Leviathan Security Group

I work as a Senior Security Advisor in Leviathan's Risk and Advisory Services group, where I advise enterprise clients on risk and compliance (GRC), security strategy, and policy, including responding to their clients' and vendors' security assessments and audits, and assisting with security questions for client engineering teams. I also took one client through a first-time SOC 2 audit process, including designing internal controls, identifying necessary remediation activities before the audit period, and eventually working with the on-site audit team. My clients span compliance areas, including ISO 27000-series, HIPAA, SSAE-16, and others. In addition, I co-wrote four whitepapers on forced data localization as it affects security, available at <http://www.valueofcloudsecurity.com>. From 2014 until mid-2015, I worked as a Senior Security Consultant on Leviathan's Technical Services team.

Chief Technical Officer / DSS

2010 -

Malice Afterthought, Inc.

Malice Afterthought provides software and security consulting services to a range of clients, from small businesses to large corporations, in addition to creating and releasing its own commercial and open source software. From January - July 2011, I taught at a Department of Defense information and network warfare (CNO) school. In January, 2012, I won a DARPA Cyber Fast Track research proposal to fund research entitled 'Reticle: Leaderless Command and Control,' and in November, 2012 an additional CFT proposal entitled 'NOM: Novel Object Mapping.'

Senior Research Associate

2009 - 2010

SET Corporation

I worked as a technical lead on software projects in a variety of areas, including natural language processing and user modeling, and a project to create an augmented reality application to add real-time data and intelligence analysis to a multi-viewpoint 3D holographic display, using the iPhone 3GS as a controller. SET worked primarily for the defense and intelligence communities.

Selected Presentations

Xenophobia is Hard on Data

October 21, 2015

SecTor - Toronto, ON, Canada

With James Arlen. Examination of forced data localization laws, their nature, their origins, and their effects on confidentiality, availability, and integrity of data, as well as the cost of doing business in a global marketplace.

Endrun—Secure Digital Communications For Our Modern Dystopia

October 17, 2014

Black Hat Europe - Amsterdam, Netherlands

With Grant Dobbe. Censorship-resistant communications based on the Delay-Tolerant Networking concept.

Tyvlytting På Lufta (Voyeurism in the Air)

March 27, 2014

Paranoia - Oslo, Norway

New updates to the CreepyDOL system, including a large-scale deployment in Montezuma, NM with 755 devices.

Stalking a City for Fun and Frivolity

August 3, 2013

DEF CON - Las Vegas, NV

Distributed sensor network data acquisition, filtering, and visualization, with several security applications. This presentation addressed the architecture and collection aspects of the CreepyDOL system, as well as the implications for global surveillance states and engineering as a profession.

CreepyDOL: Cheap, Distributed Stalking

August 1, 2013

Black Hat USA - Las Vegas, NV

Distributed sensor network data acquisition, filtering, and visualization, with several security applications. This presentation addressed the architecture and collection aspects of the CreepyDOL system.

Certifications

Attorney and Counselor-at-Law

2015-09-21

State Bar of Montana

Certified Information Systems Auditor (CISA)

2016-08-12

Information Systems Audit and Control Association

Certificate of Cloud Security Knowledge (CCSK)

2016-02-20

Cloud Security Alliance

Certified Information Privacy Professional U.S. Government (CIPP/G)

2016-01-11

International Association of Privacy Professionals

Certified Information Privacy Professional U.S. Private Sector (CIPP/US)

2015-12-14

International Association of Privacy Professionals

Certified Information Systems Security Professional (CISSP)

2012-07-20

International Information Systems Security Certification Consortium (ISC(2))
